PROFILE

Motivated and detail-oriented Electrical Technical Office Engineer with a strong foundation in electrical design, project coordination, and documentation. Proficient in preparing shop drawings, quantity surveying, and ensuring compliance with industry standards. Eager to contribute to project success through technical support, design review, and effective collaboration with engineering teams. Strong analytical skills and a proactive approach to problem-solving, with the ability to adapt to fast-paced environments and contribute to project timelines.

WORK EXPERIENCE

Space Consultants- Dr. Medhat Dorra

April 2026 – Present

- **Electrical BIM Engineer**

- Projects worked in:

- Noor Governmental School – Badr City
- Madinaty mosque – Madinaty City
- Noor Energy Building – Madinaty City

- Work Responsibilities:

- Developed and coordinated electrical BIM models using Autodesk Revit for various projects in compliance with BIM standards and project requirements.
- Produced electrical designs, layouts, schedules, and construction documentation for lighting, power, and low-current systems.
- Collaborated with multidisciplinary teams to perform clash detection, resolve design conflicts, and update models based on project revisions and consultant feedback.

REDCON Construction Co. S.A.E

Aug 2024 – Nov 2024

- **Electrical Technical Office Engineer**

- Projects worked in:

- Gomla Market – Al Dabaa Corridor

- Work Responsibilities:

- Preview tender documents (specs, drawings, Vendors and scope of work to determine the requirements and prepare BOQ).
- Prepare shop drawings and ensure documentation and records in use are reviewed, approved by the consultant.
- Study and prepare requests for information, Follow up the shop drawing approval, material submittal approvals.

EDUCATION

Ahram Canadian University

2019 - 2024

- Bachelor's degree in Electrical Power Engineering
 - Graduated with Cumulative GPA 3.5/4.0

Graduation Project - Cumulative grade (A+)

- Electrical Distribution System for a Hospital
 - (Load Estimation , Lighting , Power , SLD , Panel Schedule , Light Current , Earthing and Power Factor Correction).

SOFTWARE SKILLS

- **Revit** Excellent in electrical systems design and shop drawings.
- **AutoCAD** Excellent in electrical systems design and shop drawings.
- **DIALux Evo** Excellent in designing and using all tools.
- **Etap** Very good in short circuit and voltage drop calculations.
- **Microsoft Office** Very good.
- **MATLAB** Very good in simulation.
- **Proteus** Very good in simulation.

INTERSHIPS & COURSES

- **Revit Diploma** — Online Course **Jul 2024 – Sep 2024**
 - Developed a complete 3D electrical BIM model for a multi-floor school building Revit.
- **Light Current System** — Online Course **Aug 2023 – Dec 2023**
 - Fire Alarm - CCTV - Access Control - Sound System - Data / Tele System
- **Summer Internship** — Giza Cables Industries **Jun 2023 – Jul 2023**
 - Cables Industries technology
- **Electrical Distribution Diploma** — Jelecom Co. **Jan 2023 – Mar 2023**
 - Lighting System - Power System - SLD - Panel Schedule - Load Estimation - Shop Drawing
- **Summer Internship** — Industrial Plant Control Unit **Aug 2021 – Sep 2021**
 - Classic Control – Motors connection

PERSONAL SKILLS

- Excellent organizational skills and attention to details.
- Communication and Collaboration.
- Excellent time management skills with a proven ability to meet deadlines.
- Leadership (Graduation project team leader).
- Self Motivation.

VOLUNTEERING EXPERIENCE

- **Technical Supporter** **Mar 2023 – Jun 2023**
 - A technical supporter for fresh students to help them to finish (Fire Fighter Robot) Project.
- **Exhibition Organizer** **Jun 2023**
 - An Organizer of the 9th Annual Exhibition of the Faculty of Engineering at Ahram Canadian University.

LANGUAGES

- **Arabic** — Native
- **English** — Upper intermediate (B2)
